

Why ELAC?

- East Los Angeles College (ELAC) is a community college located in Monterey Park, CA, serving the east & southeast communities of Los Angeles County.
 - ELAC offers over 300+ associate degree/certificate choices and 32 majors & helps students pursue their academic and career goals in a supportive and diverse environment.
 - ELAC started at Garfield HS in 1945 with only 117 students and now is one of the largest community colleges in the nation, serving over 40,000 students annually.
 - Many of our students come from low-income households and use ELAC and our resources to create a better future for themselves and their families.
 - Success comes in many different ways at ELAC. From a traditional student transferring to an Ivy League school to a formerly incarcerated student changing their destiny and earning their bachelor's degree.
 - ELAC offers Dual Enrollment at many local high schools, which helps build a college-going culture in our communities, partnering with Los Angeles Unified School District, Alhambra Unified School District, and Montebello Unified School District.
- ELAC has consistently been recognized by The Campaign for College Opportunity as a Champion of Higher Education for academic excellence.
 - ELAC is home to the Vincent Price Art Museum, making it one of the only community colleges to host a significant art collection with many exhibitions.
 - The state's economy receives a minimum of \$3 net return on investment for every dollar you invest in getting students in and through college.
 - Eight out of the top 10 fastest-growing occupations require post-secondary education.
 - Too many of our students face significant challenges far beyond the cost of textbooks or tuition, directly impacting their ability to complete their academic goals, challenges like food scarcity, homelessness, transportation barriers, limited clothing, and the digital divide. Your support will help address these challenges.

East Los Angeles College

President's Circle
EAST LOS ANGELES COLLEGE

The President's Circle is an elite group of community members, businesses, nonprofit groups, government leaders, and others committed to empowering students to achieve their educational goals, expand their potential, and successfully pursue their aspirations for a better future for themselves, their community, and the world.

Goals

Develop a robust and diverse network of community partners committed to increasing student success and academic excellence through student-centered instruction, student-centered support services, and dynamic technologies.

Strengthen our community businesses by growing a network that will identify "new members" and "new ideas" to provide 21st-century workforce skills to strengthen and sustain our economy.

Help support existing and future creative and innovative programs to assist students in competing workforce development programs, earn associate degrees, and prepare students to transfer while offering lifelong learning and civic engagement opportunities.

And to support our students facing challenges such as housing, food scarcity, the digital divide, clothing, and basic needs as part of the ELAC Transforming Lives Campaign and Emergency Assistance Programs.
